CATA 2005 Conference Survey Summary

	A	B	C	D	E	F	G
434	<b>CATA could use the following improvements:</b>						
435	No Answer	85					
436	End classes on Thursday earlier and let all the classes end at the same time.						
437	Not an improvement, but have you noticed the "graying" of our county appraisers. Somehow and sometime we need to attract, train, and/or mentor young people						
438	I would love to have some kind of round table lunch thing where we could discuss the special issues forum. Could there be a CD of presenters & papers?						
439	Make all the instructors break at the same time						
440	Keep raising the bar. As Mr. Leach said, classes are going to have to be tougher in order to get licensed or certified by 2008.						
441	Keep up the good work.						
442	Why are Tax Agents allowed? And at reduced rates so they can argue against us!						
443	I thought everything was well organized and a lot of fun!						
444	Provide directions and location map to people not familiar with the area.						
445	More organization with instructors regarding lunch times. It would have been easier for everyone to go at once so county employees could eat together.						
446	Nothing comes to mind						
447	Shorten the Wednesday dinner						
448	Offer a class on county issues to see how everyone is doing in their counties.						
449	Make sure a wide variety of classes are offered, appraisal, admin, etc.						
450	Better updating of web-site						
451	You guys work hard and do a great job already - no suggestions.						
452	You guys are doing great.						
453	More prizes at dinner meeting and better service and food at the dinner.						
454	Have the conference at a Resort Town - not just a ski resort.						
455	Just keep offering good classes.						
456	Dinner was too long - keep it shorter						
457	Need total changes on the board - same people - same stuff.
