221		POOR	FAIR	AVERAGE	GOOD	VERY GOOD	NO ANSWER
222	Overall, I felt the the 2006 Conference was:	1	3	10	31	32	5
223							
224	My favorite part of this year's conference was:						
225	No answer	24					
226	A different location from last year						
227	Access to classes was excellent						
228	All - having the opportunity to attend was great.						
229	All the events and classes I attended, including the Tuesday dance and Wednesday dinner						
230	Class selection was wonderful						
231	Classes were exceptional						
232	Classes were well organized						
233	Continuing education and location						
234	Dance and association with other counties						
235	DJ and Dance						
236	DPT class (with test)						
237	Facility and classes						
238	Fresh fruit and bagels in the AM						
239	Getting out of the office						
240	Good prime rib at Wednesday dinner. Good company throughout conference.						
241	Good to have a place to sit down for breakfast						
242	Having a Personal Property class each day						
243	Having something to do every night						
244	I liked Copper Mountain						
245	Issues forum						
246	It was good overall						
247	Jim Felt, enthusiastic about his topic. He wants others to understand.						
248	Just about everything - liked the fact that we could sit down for breakfast - facilities were good change.						
249	Location						
250	Location and date						
251	Meeting new Instructors and see old ones and seeing all the county employees						
252	meeting people from other counties						
253	Networking opportunities, seeing appraisers I've had classes with.						
254	Nice rooms						
255	Nice setting, no driving necessary						
256	Nice that some meals were provided (breakfast, pizza, Weds. Dinner) to alleviate expenses on attendees.						
257	People and Instructors						
258	Personal Property with Ken Beazer						
259	Personal Property workshop						
260	Seeing everyone						
261	Seeing old friends						
262	SPSS Class						
263	SPSS Class and being at Copper Mtn.						
264	SPSS Class and the Dance						
265	Statistics class (honest!)						
266	The business meeting and dinner						
267	The classes - Ag land in transition and Water Law						
268	The classes and the Dinner						
269	The dance						
270	The dinner - except for the sound system						
271	The dinner was excellent - better than last year						
272	The facility. The rooms and the center were good. Hospitality room had much, much more space and was quieter.						
273	This is my first conference and I enjoyed the entire experience						
274	Vacant land class and the Dinner						
275	Water Law - awesome class						
276	Water Law class - very well presented, informative, instructor very knowledgeable.						
277	Water Law class and Mardi Gras Party						
278	Wednesday dinner						

CATA 2006 Conference Eval summary

	A	B	C	D	E	F	G
279	My least favorite part of this year's conference was:						
280	No answer	33					
281	2 person hotel rooms only had murphy beds and hide-a-beds						
282	A different location from last year						
283	Access to restaurants was fair to poor						
284	Bad Coffee and air conditioning						
285	Business meeting was too long						
286	Choice of Restaurants						
287	Classroom was cold						
288	Cold classrooms and hot hotel rooms						
289	Condo screw-up. They messed up and did not compensate for inconvenience.						
290	Confusion and access to classes was very awkward						
291	Copper Mountain - I live closer to Breckenridge and I feel visitors enjoy the "real" town of Breckenridge with more choices of where to eat & drink						
292	Dinner was very nice but election and speakers need to happen during the dinner. Some people needed to study for a test. Start at 6 pm. Have election while people are eating.						
293	Everything about Copper Mountain - Lousy shops - no restaurants, overcharged by condo - Tax exempt status not honored.						
294	Good, Bad & Ugly class - useless for mass appraisal, more for fee appraisal						
295	High price of drinks at pizza party						
296	Isolated location						
297	Lack of affordable restaurants						
298	Lack of restaurants						
299	Lack of social gatherings without alcohol						
300	Leaving home at 6 for an 8:30 class						
301	Leaving my house at 6AM for an 8:30 class						
302	Lighting in Oil and Gas class						
303	Limited choices for restaurants, limited menus						
304	Location Location Location						
305	Lodging accomodations - room small, bed uncomfortable						
306	Monday's classes						
307	Moose Jaw in Frisco was closed for cleaning on Tuesday night						
308	My room was located far away from others and classes						
309	none						
310	Not enough time to play between classes						
311	Not knowing where stuff was - conf. Center, lodging rooms, restaurants, could not hear at dinner meeting. Copper staff were pretty invisible-no help.						
312	Not many restaurants						
313	Organization - information						
314	Personal Property Auditing						
315	Price of drinks						
316	Restaurants - not enough help here from Copper Mtn.						
317	restaurants - not enough variety						
318	Restaurants over-priced not enough service , no shops open						
319	Testing						
320	The cold weather						
321	The cost of the drinks. Village Square classroom away from the breakfast area and other classes						
322	The dining out facilities & check in time and pool hours						
323	The dinner was too long after full day of classes - simpler meal - election held earlier so that results were availabler earlier						
324	The location						
325	The off-seasonality of Copper Mountain						
326	Water Law class						
327	Wednesday class High Value Residential properties was poorly presented - boring for such an interesting topic						
328	Wednesday dinner						
329	Wednesday dinner meeting lasted too long. Speakers should have been through dinner. Election before dinner so people stay.						
330							
331	What was provided that was NOT necessary was:						
332	No Answer	69					
333	Advertisements						
334	Bragged about Spatalest giving folders , while nice are not necessary. Their contribution could go elsewhere						
335	Fancy dinner						
336	Nothing - everything was useful						
337	Nothing - good job						
338	Nothing - maybe a snack for breaks						
339	Pizza party						
340	The CATA Pins						
341	The Dance themes are lame.						
342	The dinner meal was too expensive - 1/2 of the membership left before the meeting was over.						
343	The expensive dinner						

	A	B	C	D	E	F	G
344	What was NOT provided that IS necessary is:						
345	No answer	61					
346	A map of the area and where classes, the dance, restaurants, etc. would be nice. It would be great to have it included in the conference agenda info - we were lost						
347	A working phone in room 211 Tyler						
348	Activities - nothing but bars were open. I'd have enjoyed riding the ski lift, touring on a golf cart or rowing in the lake, etc.						
349	Activity on Wednesday night - small party after dinner - maybe live blues?						
350	Better infrastructure at Copper Mtn (more shops, restaurants, etc)						
351	Better map of buildings and location of rooms, lodging, conference rooms, etc.						
352	Coffee at lunch and afternoon breaks						
353	Directional signs to conference and classrooms						
354	Free Beer at Dance! Or discounted beer						
355	Fund raising activities for CATA						
356	Golf tour						
357	More beverage stations at the Ptarmigan Room						
358	More networking functions - round table discussions on topics identified ahead of time						
359	More restaurant choices						
360	More restaurant choices or box lunch options						
361	More restaurants - too far to go on one hour's lunch						
362	Possible "box Lunches" available at additional cost. Provide more detailed information on room accommodations.						
363	Refilling water pitchers at the breaks in addition to the lunch hour.						
364	Refreshments at break times for our classes						
365	Signs pointing the way to classrooms on the doors						
366	Some place to eat in the village that serves something more than cobb salad.						
367							
368	If I were to arrange the 2007 conference the first thing I would do:						
369	No Answer	47					
370	A category specific class where we could share problem areas to see how other counties would address them						
371	Book Copper Mountain again						
372	Book it at Copper Mountain again						
373	Call former board members						
374	Change conference back to Breckenridge						
375	Change Location						
376	Change location to a place closer to stores/restaurants that are not resort based.						
377	Change the location						
378	Change venue to Colorado Springs or Breckenridge						
379	Check convenience and availability of restaurants						
380	Consider having conference on Western Slope (Grand Junction) every few years						
381	Could the name tags have the first name in HUGE letters so we could easily see it without appearing rude? I can't remember names and feel bad when I can't recall names of people I recognize.						
382	Do surveys via email regardless if county employees have registered on CATA site.						
383	Find a new location - food and drink too expensive - nothing to do after class.						
384	Find more restaurants and places with things to do for members. Hanging out at a bar is okay, but other activities would have been nice.						
385	Focus on providing a wide variety of classes, focus on providing variety of after class activities to encourage interaction between attendees.						
386	Follow what has been done - very nice conference.						
387	Get rid of the dance and play a golf scramble						
388	Go back to Breckenridge						
389	Go back to Copper Mountain						
390	Have 1 or 2 more restaurants open for lunch. Have a later than 10 a.m. check-out time.						
391	Have all the classes in the same building						
392	Have it in Breckenridge.						
393	Include specific room amenities						
394	Inform people of location, check-in-out times, check-in location, Physical address of meetings, times of classes, what will and will not be provided - events.						
395	Keep it here at Copper						
396	Keep up the good work						
397	Make business meeting a plated lunch event						
398	Make CATA a full 5 days. Try to promote more participation and more attendance by more counties						
399	Make sure there were more food choices						
400	Move from Copper Mountain.						
401	Move it to Frisco						
402	Promoting classes early						
403	Provide the materials to the counties early						
404	Reduce the costs of drinks at the various functions						
405	Relocate to different accommodations - facility should be able to accommodate the entire group more conveniently						
406	Try this again						
407	Try to put people closer to each other						
408	Wednesday, conduct business meeting first, then dinner, then guest speakers, draw tickets throughout evening						
409							

	A	B	C	D	E	F	G
410							
411	CATA is doing the following things right:						
412	No answer	35					
413	All was very good						
414	Class selection						
415	Classes, place and times						
416	Courses - class selection was excellent						
417	Doing a good job - just attend to small things						
418	Doing well						
419	Educating county personnel, working with the DPT, bringing in other providers and their courses.						
420	Everything - especially class selection						
421	Everything is well organized and the cost is good.						
422	Getting different classes						
423	Good class choices, website is good.						
424	Good classes and organization						
425	Good education offered, fun social events. Breaks every hour were much appreciated.						
426	Good job with classes						
427	Good selection of classes						
428	Good variety of classes. Nice, brief business meeting at CATA dinner						
429	Great classes, good functions (pizza party, dance, hospitality suite) after classes. Excellent organization.						
430	Great effort to provide quality courses, excellent array of choices, topics of discussion of current concerns was great.						
431	Great organization overall and I love the dance						
432	I like the Copper Mtn Location - restaurants were fine.						
433	Just about everything						
434	Keeping the organization going and keeping the costs down. Emphasis has been on education and not partying as it should be.						
435	Most everything is right - CATA is doing a great job						
436	My first conference and it was great!						
437	Offers a good variety of educational options.						
438	Organization at CATA was fabulous.						
439	Overall a good professional conference wit the best chance of getting continuing ed classes anywhere.						
440	Overall providing a great educational opportunity						
441	Overall, very good						
442	Providing an excellent chance for assessor staff to obtain quality education & networking						
443	Providing classes, considering attendee comfort by providing a nice place for conference and many inclusive activities						
444	Providing quality education for government appraisers						
445	Registration, on-line information						
446	The board did a very good job this year. Keep it up.						
447	The board members have done a wonderful job						
448	They all do a wonderful job						
449	This organization has done nothing but improve this event to offer education resources to those counties with limited resources, it is a significant savings/benefit to send staff to CATA. I fully support staff participation on the CATA board.						
450	Training						
451	Trying to do new things not doing something just because it was always done that way						
452	Trying to provide the best education possible						
453	Variety of classes						
454	Well organized, good communication with members. Conference materials well layed out and user friendly.						
455	You guys work your butt off! Great course offerings, good network opportunities.						

	A	B	C	D	E	F	G
456	CATA could use the following improvements:						
457	No Answer	62					
458	How about a group or committee that's available to the board to get stuff done. They wouldn't need to make policy or decisions, they would just do assigned tasks, help with the conference. Just a suggestion to spread the load around and avoid some burn-out on the board, especially in reappraisal year.						
459	I would not go any later in the year.						
460	Excellent education, vendors, facilities and opportunities to socialize with other appraisers statewide.						
461	Better directions to the classrooms or helpers.						
462	Find a better location for meetings						
463	You no longer publish the Catalog like you used to do. We all like to hear what you the board are doing through the year, what is upcoming						
464	We should say the Pledge of Allegiance before starting our dinner meeting. Also a prayer.						
465	Get more information on facilities out to the members before the conference.						
466	Get more people involved from remote counties.						
467	More high quality classes (e.g. ASFMRA)						
468	Have attendees names, counties, titles, etc available in course handouts.						
469	Would be nice to have speakers talk during the dinner meal rather than waiting until meal is done. Dinner is too long and consideration needs to be given to those who need to study or have homework situations.						
470	Copper Mtn Athletic facility hours not good for conference attendees. Could they open at 6 am and close later for 4 days that CATA is there?						
471	Water on tables in classes not enough for entire class. Needs to be refreshed at AM and PM breaks						
472	Maybe combine dinner and dance. Less people will tend to leave early.						
473	Enjoyed the cookies at break. Please provide something for morning break also. Maybe something more healthier i.e. fruit, granola bars, nuts, veggies, meat & cheese.						
474	Raise your rates and provide some kind of aid to smaller counties.						
475	Invite CDOT appraisers and other Gov't appraisers to join						
476	More communication, updates to its members (emails, etc)						
477	Update the website year round, we pay dues but get nothing for it. The same classes can be taken at the DPT during the year. We need speakers, better demonstrations						
478	Use email as a stronger communication tool - all 2006 attendees should be emailed for 2007.						
479	Need better sound at the dinner meeting						
480	Limit the speakers speech at dinner						
481	Class rooms were good but a few bugs to work out e.g. temperature, microphones so we can hear better.						
482	Should we continue to order CATA pins?						
483	No answer	20					
484	No - 19 responses						
485	No - do T shirts instead						
486	No - get keychains - Just kidding!						
487	No - how about water bottles or cups						
488	No - I think we can do away with them						
489	No - maybe cost could be used better to provide another meal or something else to do.						
490	No - not necessary						
491	No - not necessary						
492	No - too expensive						
493	No, Cookies are better.						
494	No, unnecessarily expensive to CATA						
495	No. Maybe CATA pencils - since I use pencils in the field, and it would be less expensive than pins, but still a reminder of the association.						
496	Not for me thanks.						
497	Not necessary						
498	Not really						
499	They are good.						
500	Undecided						
501	Yes -19 responses						
502	Yes - Cups too!						
503	Yes - definitely						
504	Yes - I save them						
505	Yes - reminds us of our professional obligations						
506	Yes - sure why not						
507	Yes, I like them. They add to the continuity.						
508	Yes, I think that it is a great way to show our continued support for CATA by attending each year.						
509	Yes, I think they are a great morale builder and I wear mine with pride.						

	A	B	C	D	E	F	G
510	List any classes you would like offered at the 2007 conference:						
511	No Answer	43					
512	The DPT does annual education survey, perhaps they would share their results. Need to always be sure new appraiser employees have choices of the basics. Then, anything that in the long run helps with the appraisal of commercial properties, just one course is helpful.						
513	1031 and exchange markets						
514	2 day environmental properties						
515	3 & 4 day classes - tested						
516	Adjustments, Good, Bad & Ugly						
517	Advanced Income						
518	Advanced Time Trend analysis						
519	Ag Land						
520	Ag land in Transition						
521	Agricultural						
522	Anything personal property						
523	Apex CE						
524	Business Enterprise Valuation						
525	Classes for upgrading to Certified Residential						
526	Classes to upgrade to Certified Res or Certified General license						
527	Commercial Cost approach						
528	Cost approach using Marshall Swift						
529	Cost, Market, Income Review						
530	DCF Analysis						
531	Environmental properties						
532	Exemptions						
533	Get CE credit for statewide issues. Maybe split into groups, Comm vs Res, big front range counties vs smaller counties						
534	GIS and modeling						
535	GIS Spatial analysis class						
536	Going Concern						
537	Golf Course Valuation						
538	Hotels/Motels						
539	How to appraise unique properties						
540	How to determine correct quality of properties						
541	Income Approach						
542	Mapping assisted appraisal						
543	Mass Appraisal						
544	Mass Appraisal - beginning, intermediate and advanced						
545	Mining claims - patented vs unpatented						
546	Mining class valuation and classification						
547	Mobile Technology						
548	Modeling and Calibration						
549	More ASFMRAs courses						
550	More classes that we haven't had like Water Law and Ag Land in Transition. These are classes that we otherwise don't get to take.						
551	More IAAO courses						
552	Narrative Report Writing						
553	Non producing mining claims						
554	Possessory Interest						
555	Preparation of data for Analysis						
556	Present worth of \$1 - NPV, PW, FV, PV, etc.						
557	Presenting your Best Case						
558	Provide a weeks worth of classes for new appraisal staff that would be required for initial licensing and so indicate on registration so a new person would know what classes to take.						
559	Real Estate Law						
560	Resort & Town Issues						
561	Sales Confirmation						
562	Severed Minerals						
563	SPSS						
564	State Assessed Properties						
565	Statistics						
566	Statistics. The Intro to SPSS class is definitely NOT geared to the "novice". Most was way over my head (I have zero experience in statistics.)						
567	Subdivision Specialties						
568	Taxing Philosophy						
569	Template and Form creation						
570	USPAP						
571	Vacant Land Present Worth						
572	Vacant Land Valuation						
573	Water Law
